

Team Meeting Minutes

Date: [18 May 2025]

Time: [20h00]

Attendees: Wakhiwe, Thoriso, Doyen, Khuselo, Salimata, Sesihle

Wakhiwe

- - Fixed routing and milestone display by removing freelancer name.
- - Header icon issue resolved.
- - Next Steps: Ensure full UI functionality.
- - Next Steps: Finalize and complete tasks listed in Notion.

Thoriso

- - Completed use case diagrams and logical view diagrams (4 types total) with explanations.
- - Still To Do: Create and finalize process view diagram.
- - Still To Do: Complete the fifth diagram.

Doyen

- - Admin reports successfully implemented.
- - Minor changes made to ensure the report feature is functional.
- - Fixed client payment logic to prevent milestone fetching during unintended states.

Khuselo

- - Added unique application IDs to facilitate contract implementation.

Salimata

- - Routed all buttons to the sign-in page for better navigation flow.
- - Updated header and overall formatting.

Sesihle

- - Code coverage was at 74% yesterday.
- - Currently at 71%, with ongoing adjustments.
- - Noted difficulty in testing due to minor incremental changes.
