Minutes Prepared by: Salimata

1. Sprint Retrospective Highlights

Khusello:

- Expressed pride in the team's work ethic.
- Commended himself for successfully creating the database storing milestones and tasks
- Thanked Simango for refining the databases and providing valuable assistance.

Simango

- Highlighted concerns about Salimata not completing tasks within the set timelines and encouraged improvement in the next sprint.
- Commended Sesihle for achieving high code coverage (70%) and noted his hard work.

-Salimata:

- Praised Wakhiwe for his dedication and visible progress on his assigned pages, calling him the hardest-working team member.

- Sesihle:

- Applauded Thoriso for taking ownership of the payments page (a task others avoided).
- Thoriso committed to improving his focus on UML and Use Case diagrams in the next sprint.

2. Task Distribution for Next Sprint

- Salimata Settings page, contracts, and tasks.
- WakhiweQuick stats and reports.
- Simango: Code refinement, databases, and assisting teammates as needed.

- Sesihle: Aim for 80% code coverage.
- Thoriso: Finalize payments page and prioritize UML/Use Case diagrams
- Khusello will be working in contract and tasks and storing
